

FOR IMMEDIATE RELEASE

**FUELCELL ENERGY, INC. INVITES YOU TO ITS FIRST
QUARTER 2008 RESULTS CONFERENCE CALL AT
10 AM EASTERN ON MARCH 6, 2008**

DANBURY, CT, February 26, 2008 -- FuelCell Energy, Inc. (NasdaqNM:FCEL), a leading manufacturer of high efficiency ultra-clean power plants for commercial, industrial and utility customers, announced today it will release its first quarter financial results after the Market Close on Wednesday, March 5, 2008. In conjunction with this announcement, FuelCell Energy management will host a conference call with investors beginning at 10:00 a.m. Eastern Time on March 6th to discuss the first quarter 2008 results.

The details for accessing the live call are as follows:

- From the U.S. or Canada please dial 877-627-6580
- Outside the U.S. and Canada, please call 719-325-4916
- The passcode is FuelCell Energy
- The live webcast will be on the Investors section of the Company's website at www.fuelcellenergy.com.

An audio replay of the conference call will be available approximately two hours after the conclusion of the call until midnight on Thursday, March 13, 2008:

- From the U.S. and Canada please dial 888-203-1112
- Outside the U.S. or Canada please call 719-457-0820
- Enter confirmation code 3740989
- The webcast will also be archived on the Investors section of the Company's website at www.fuelcellenergy.com.

FuelCell Energy is the world leader in the development and production of stationary fuel cells for commercial, industrial, municipal and utility customers. FuelCell Energy's ultra-clean and high efficiency DFC[®] fuel cells are generating power at over 40 locations worldwide. The company's power plants have generated more than 200 million kWh of power using a variety of fuels including renewable wastewater gas, biogas from beer and food processing as well as natural gas and other hydrocarbon fuels. FuelCell Energy has partnerships with major power plant developers, trading companies and power companies around the world. The company also receives substantial funding from the U.S. Department of Energy and other government agencies for the development of leading edge technologies such as hybrid fuel cell/turbine generators and solid oxide fuel cells. This news release contains forward-looking statements, including statements regarding the Company's plans and expectations regarding the continuing development and commercialization of its fuel cell technology. All forward-looking statements are subject to risks and uncertainties that could cause actual results to differ materially from those projected. Factors that could cause such a difference include, without limitation, general risks associated with product development, manufacturing, changes in the utility regulatory environment, potential volatility of energy prices, rapid technological change, competition, and the Company's ability to achieve its sales plans and cost reduction targets, as well as other risks set forth in the Company's filings with the Securities and Exchange Commission. The forward-looking statements contained herein speak only as of the date of this press release. The Company expressly disclaims any obligation or undertaking to release publicly any updates or revisions to any such statement to reflect any change in the Company's expectations or any change in events, conditions or circumstances on which any such statement is based.
