

Position: Accounting Manager

Location: Danbury, CT

About Our Company:

FuelCell Energy, Inc. (NASDAQ: FCEL) is a global leader in developing environmentally responsible distributed baseload power solutions through our proprietary fuel cell technology. We develop turn-key distributed power generation solutions and operate and provide comprehensive services for the life of the power plant. We are working to expand the proprietary technologies that we have developed over the past five decades into new products, markets and geographies. Our mission and purpose remains to utilize our proprietary, state-of-the-art fuel cell power plants to reduce the global environmental footprint of baseload power generation by providing environmentally responsible solutions for reliable electrical power, hot water, steam, chilling, hydrogen, microgrid applications, and carbon capture and, in so doing, drive demand for our products and services, thus realizing positive stockholder returns. Our fuel cell solution is a clean, efficient alternative to traditional combustion-based power generation and is complementary to an energy mix consisting of intermittent sources of energy, such as solar and wind turbines. Our systems answer the needs of diverse customers across several markets, including utility companies, municipalities, universities, hospitals, government entities and a variety of industrial and commercial enterprises. We provide solutions for various applications, including utility-scale distributed generation, on-site power generation and combined heat and power, with the differentiating ability to do so utilizing multiple sources of fuel including natural gas, Renewable Biogas (i.e., landfill gas, anaerobic digester gas), propane and various blends of such fuels. Our multi-fuel source capability is significantly enhanced by our proprietary gas-clean-up skid.

Overview:

This position reports to the Corporate Controller and is responsible for assisting with the monthly company-wide consolidation, financial analysis, SEC reporting and technical accounting research and drafting of accounting memos as needed. This person is ideally a CPA with public accounting firm experience on public company clients, with a solid understanding of recent accounting literature and application to client transactions.

Responsibilities:

Accounting

- Entity-wide financial statement consolidation
- Assist with the preparation of SEC filings (10Q's, 10K's and 8K's)
- Research accounting for transactions and documentation as needed

Financial Analysis

- Assist with the preparation of analysis for monthly financial review meetings and quarterly earnings calls.

General

- Coordination with external auditors and outsourced SOX auditors on audit requests
- Assist with implementation of new controls and processes with regard to new accounting standards
- Drive standardization, simplification and automation of processes in all areas of responsibility
- Continuously challenge current practices and procedures, as the business evolves, to implement improvements in policy, procedures and systems
- Ensure compliance with corporate finance procedures and maintain financial internal controls
- Assist with preparation of Audit Committee slides as necessary

Qualifications:

Education: BS in Accounting required. CPA strongly preferred.

Experience: Minimum of 4 years of finance/accounting experience in a Public Accounting firm required.

Physical Requirements/Working Conditions:

- Must be able to work at a desk, on a computer, for extended periods of time.
